## MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The accompanying consolidated financial statements of the City of Langford (the "City") are the responsibility of management and have been prepared in compliance with legislation, and in accordance with Canadian public sector accounting standards for local governments as recommended by the Public Sector Accounting Board of The Chartered Professional Accountants of Canada. A summary of the significant accounting policies are described in note 1 to the consolidated financial statements. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The City's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by management.

The Administration and Finance Committee meets with management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The consolidated financial statements have been audited by KPMG LLP, independent external auditors appointed by the City. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the City's consolidated financial statements.

## INDEPENDENT AUDITORS' REPORT

*To the Mayor and Councilors of The City of Langford*

We have audited the accompanying consolidated financial statements of The City of Langford, which comprise the consolidated statement of financial position as at December 31, 2014, the consolidated statements of operations, change in net debt and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

### *Management's Responsibility for the Consolidated Financial Statements*

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

### *Auditors' Responsibility*

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### *Opinion*

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of The City of Langford as at December 31, 2014, and its consolidated results of operations, its consolidated change in net debt and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

## Notes to Consolidated Financial Statements

Year ended December 31, 2014

---

The City of Langford (the "City") is incorporated and operates under the provisions of the British Columbia Local Government Act and the Community Charter of British Columbia.

### 1. Significant accounting policies:

The consolidated financial statements of the City are prepared by management in accordance with Canadian public sector accounting standards for local governments as recommended by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada. Significant accounting policies adopted by the City are as follows:

#### (a) Reporting entity:

The consolidated financial statements include the assets, liabilities, revenues and expenses of the reporting entity. The consolidated financial statements also include the City's proportionate interest in the West Shore Parks and Recreation Society ("West Shore"), an organization jointly controlled by the City. The City does not administer any trust activities on behalf of external parties.

#### (b) Basis of accounting:

The City follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay.

#### (c) Revenue recognition:

Government transfers are recognized in the consolidated financial statements as revenues in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be made, except when and to the extent the transfer gives rise to an obligation that meets the definition of a liability.

Property tax revenue is recognized on an accrual basis using approved tax rates and the anticipated assessment for the current year. Parcel tax revenues are recognized in the year that they are levied.

#### (d) Deferred revenue:

Deferred revenue includes grants, contributions and other amounts received from third parties pursuant to legislation, regulation and agreement which may only be used in certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed, or the tangible capital assets are acquired thereby extinguishing any liability to the City.

Development cost charges are amounts which are restricted by government legislation or agreement with external parties. When qualifying expenditures are incurred development cost charges are recognized as revenue in amounts which equal the associated expenses.

## 1. Significant accounting policies (continued):

### (e) Refundable deposits:

Receipts restricted by third parties are deferred and reported as refundable deposits under certain circumstances. Refundable deposits are returned when the third party meets their obligations or the deposits are recognized as revenue when qualifying expenditures are incurred.

### (f) Investment income:

Investment income is reported as revenue in the period earned. When required by the funding government or related Act, investment income earned on deferred revenue is added to the investment and forms part of the deferred revenue balance.

### (g) Cash equivalents:

Cash equivalents include short-term highly liquid investments that are cashable on demand or have a term to maturity of 90 days or less at acquisition.

### (h) Long-term debt:

Long-term debt is recorded net of related repayments and actuarial earnings.

### (i) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

#### (i) Tangible capital assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land, are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful life - years
Land improvements	10 - 50
Buildings	25 - 70
Vehicles, machinery, equipment	5 - 25
Sewer and storm infrastructure	75 - 100
Roads infrastructure	10 - 75

## 1. Significant accounting policies (continued):

### (i) Non-financial assets (continued):

#### (i) Tangible capital assets (continued)

Tangible capital assets are written down when conditions indicate that they no longer contribute to the City's ability to provide goods and services, or when the value of future economic benefits associated with the asset are less than the book value of the asset.

Amortization is charged annually, including in the year of acquisition and disposal. Assets under construction are not amortized until the asset is available for productive use. Interest is capitalized whenever external debt is issued to finance the construction of tangible capital assets.

#### (ii) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

#### (iii) Works of art and cultural and historic assets

Works of art and cultural and historic assets are not recorded as assets in these financial statements.

#### (iv) Leased tangible capital assets

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

#### (v) Inventory of supplies

Inventory of supplies held for consumption is recorded at the lower of cost and replacement cost.

### (j) Employee benefits:

The City and its employees make contributions to the Municipal Pension Plan. These contributions are expensed as incurred. The costs of a multi-employer defined contribution pension plan, such as the Municipal Pension Plan, are the employer's contributions due to the plan in the period.

**1. Significant accounting policies (continued):**

(k) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Significant estimates include assumptions used in estimating historical cost and useful lives of tangible capital assets, estimating fair value of contributed tangible capital assets and in estimating provisions for accrued liabilities. Actual results could differ from these estimates.

**2. Cash and cash equivalents:**

	2014	2013
West Shore Parks and Recreation Society	\$ 1,528,689	\$ 1,421,286

### 3. Deferred revenue:

Deferred revenue, reported on the consolidated statement of financial position, is comprised of the following:

	2014	2013
Federal Gas Tax funds	\$ -	\$ 609,188
Development cost charges	9,579,792	8,274,026
Hotel room tax	483,856	372,039
Other	580,874	386,999
<b>Total deferred revenue</b>	<b>\$ 10,644,522</b>	<b>\$ 9,642,252</b>

Development cost charges:

	2014	2013
Opening balance of unspent funds	\$ 8,274,026	\$ 8,425,289
Add:		
Development cost charges received during year	1,620,348	1,364,273
Interest earned	98,837	91,309
	9,993,211	9,880,871
Less amount spent on projects and recorded as revenue	(413,419)	(1,606,845)
	\$ 9,579,792	\$ 8,274,026

The City receives Gas Tax funds from the Federal Government through an agreement with the Union of BC Municipalities. Effective April 1, 2014 the agreements were revised for all new funding and for amounts unspent from prior periods. The new agreement broadened the scope of eligible expenditures for these funds and eliminated certain potential repayment criteria. These changes have resulted in a change in the accounting for such funds from the previous policy to defer such funds until eligible expenditures were incurred to recognize all amounts into revenue when received, including recognizing as revenue all amounts previously deferred.

## 4. Debt and capital lease obligations:

### (a) Short-term debt:

Short-term debt is comprised of an interim financing facility through the TD Bank due on demand which bears interest at the Bankers Acceptance Rate plus stamping fee of 65 basis points.

### (b) Long-term debt:

Long-term debt consists of the following:

	2014	2013
Municipal Finance Authority ("MFA")	\$ 304,428	\$ 672,186
West Shore five year fixed rate loan	37,202	83,238
TD Bank	7,837,184	9,784,674
<b>Total</b>	<b>\$ 8,178,814</b>	<b>\$ 10,540,098</b>

Long-term debt through the MFA is presented net of repayments and actuarial earnings, where the MFA invests the City's repayments so that the repayments, plus investment income, will equal the original outstanding debt amount at the end of the repayment period. Actuarial earnings on debt represent the allocation by the MFA of surplus investment income generated by the principal repayments. The gross value of debenture debt at December 31, 2014 is \$4,643,000 (2013 - \$5,649,000). The accumulation of principal repayments and actuarial earnings allocated to the City as of December 31, 2014 is \$4,338,572 (2013 - \$4,976,814).

Long-term debt from the TD Bank consists of five year floating rate term loans maturing in 2017, with a current interest rate of 1.38%.

### (c) Principal payments on debt for the next five years are as follows:

	General	Sewer	Total
2015	\$ 2,104,900	\$ 97,600	\$ 2,202,500
2016	2,427,300	-	2,427,300
2017	2,469,800	-	2,469,800
2018	1,842,700	-	1,842,700

## 5. Tangible capital assets (continued):

### (a) Assets under construction:

Assets under construction having a value of \$3,908,536 (2013 - \$3,697,251) have not been amortized. Amortization of these assets will commence when the asset is put into service.

### (b) Contributed tangible capital assets:

Contributed tangible capital assets have been recognized at fair market value at the date of contribution. The value of contributed capital assets received during the year is \$8,978,502 (2013 - \$12,791,744) comprised of land \$4,069,876 (2013 - \$6,092,816), land improvements \$20,172 (2013 - \$1,109,327), buildings \$ NIL (2013 - \$10,998), sewer and storm infrastructure \$1,612,867 (2013 - \$2,174,539) and roads infrastructure \$3,275,587 (2013 - \$3,404,064).

### (c) Works of art and historical treasures:

The City manages and controls various works of art and non-operational historical cultural assets including buildings, artifacts, paintings and sculptures located at City sites and public display areas. These assets are not recorded as tangible capital assets and are not amortized.

### (d) Write-down of tangible capital assets:

No tangible capital assets were written down in 2014 or 2013.

### (e) West Shore:

The City's proportionate share of West Shore assets includes land, buildings, and equipment which are subject to amortization policies consistent with those of the City.

## 6. Sewer franchise agreement:

During 2004, the City entered into a franchise and partnering agreement with West Shore Environmental Services Inc. ("WSES") and Terasen Utility Services Inc. The term of the agreement is 21 years, with a single 21 year renewal. Under the agreement, the City grants an exclusive franchise to WSES to design, construct, finance, own, operate and maintain sanitary sewers in the City. The City also grants an exemption from municipal property tax for sewer infrastructure and WSES has been granted an Order in Council to extend that exemption to property taxes for all other jurisdictions. Upon termination of the agreement, the sewer infrastructure constructed by WSES will be acquired by the City for a nominal payment.

WSES will recover its capital costs by imposition of a sewer capital recovery fee ("SCRF") on owners of property who wish to connect to the sewer. WSES will also bill and collect all user fees. Fees were frozen for five years, ending in 2009. WSES will pay the City franchise fees that are estimated to total \$11 million over the 21 year term of the agreement.

The City records the costs of sewer infrastructure constructed by WSES \$2,374,329 (2013 - \$618,949) and a corresponding remaining cost to be recovered. The remaining cost to be recovered is reduced as SCRF's are collected by WSES.

The cost of WSES sewer infrastructure, less residual value, is amortized on a straight line basis over their estimated useful lives, 60 to 70 years.

## 10. Municipal pension plan:

The City and its employees contribute to the Municipal Pension Plan (the "Plan"), a jointly trustee pension plan. The Board of Trustees, representing plan members and employers, is responsible for overseeing the management of the Plan, including investment of the assets and administration of benefits. The pension plan is a multi-employer contributory pension plan. Basic pension benefits provided are based on a formula. The plan has about 182,000 active members and approximately 75,000 retired members. Active members include approximately 36,000 contributors from local government.

The most recent actuarial valuation as at December 31, 2012 indicated a \$1,370 million funding deficit for basic pension benefits. The next valuation will be as at December 31, 2015 with results available in 2016.

Employers participating in the Plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plan records accrued liabilities and accrued assets for the Plan in aggregate with the result that there is no consistent and reliable basis for allocating the obligation, assets and cost to the individual employers participating in the Plan.

The City of Langford paid \$563,627 (2013 - \$562,432) for employer contributions to the Plan in fiscal 2014.

## 11. Commitments and contingencies:

### (a) Contingent liabilities:

The CRD debt, under provisions of the Local Government Act, is a direct, joint and several liability of the CRD and each member municipality within the CRD, including the City of Langford.

The City is a shareholder and member of the Capital Region Emergency Service Telecommunications (CREST) Incorporated who provides centralized emergency communications, and related public safety information services to municipalities, regional districts, the provincial and federal governments and their agencies, and emergency service organizations throughout the Greater Victoria region and the Gulf Islands. Members' obligations to share in funding ongoing operations and any additional costs relating to capital assets are to be contributed pursuant to a Members' Agreement.

## 11. Commitments and contingencies (continued):

### (b) Municipal Finance Authority contingent demand notes:

Under borrowing arrangements with the MFA, the City is required to lodge security by means of demand notes and interest-bearing cash deposits based on the amount of the borrowing. As a condition of these borrowings, a portion of the debenture proceeds is withheld by the MFA as a debt reserve fund. These deposits are included in the City's financial assets as other assets and are held by the MFA as security against the possibility of debt repayment default. If the debt is repaid without default, the deposits are refunded to the City. At December 31, 2014 there were contingent demand notes of \$129,823 which are not included in the financial statements of the City.

### (c) Litigation liability:

There are several lawsuits pending in which the City is involved. It is considered that the potential claims against the City resulting from such litigation will be covered by insurance and therefore will not materially affect the consolidated financial statements of the City.

### (d) Commitments:

The City entered into a long-term contract with the Royal Canadian Mounted Police (RCMP) for the provision of police services effective October 1, 1994. Under the terms of this contract, the City is responsible for 90% of policing costs. The 2015 estimated cost of this contract is \$4,768,900.

On February 7, 2013, the City entered into a purchase of service agreement with the YMCA/YWCA of Greater Victoria to provide access for Langford residents to an aquatic facility to be built in Langford. The facility is expected to open in 2016 at which time the City agrees to pay \$750,000 per year to be indexed by population every two years from the opening date to a maximum of \$950,000 per year for a period of 25 years.

## 12. Financial plan:

The financial plan data presented in these consolidated financial statements is based upon the 2014 operating and capital financial plans approved by Council on May 13, 2014. Amortization expense was not contemplated on development of the financial plan and, as such, has not been included. The chart below reconciles the approved financial plan to figures reported in these consolidated financial statements.

## 13. West Shore Parks and Recreation Society:

### (a) Capital asset transfer:

The Capital Regional District (the "CRD") transferred the lands and facilities comprising the Juan de Fuca Recreation Centre to the following municipal members (the "Municipalities") effective January 2, 2002: City of Langford, City of Colwood, District of Highlands, District of Metchosin and the CRD (on behalf of a portion of the Juan de Fuca Electoral Area). Effective January 1, 2007 the Town of View Royal became a member of the Society.

In 2002 the lands and facilities were transferred to the Municipalities in their proportionate share, as specified in the Co-Owners' Agreement. The lands and facilities were reallocated amongst the members on January 1, 2007 when the Town of View Royal became a member. Future improvements are allocated among the members as per the cost sharing formula in effect each year for each service or facility, as outlined in a Members' Agreement. For 2014, the City's share of improvements purchased by the Society on its behalf is \$106,982.

## 13. West Shore Parks and Recreation Society (continued):

### (a) Capital asset transfer (continued):

Because the cost sharing formula in the Members' Agreement produces different cost shares for the members from year-to-year, there is a gain or loss on the opening fund balances. In 2014, the City recorded a gain of \$418,107.

The Municipalities have each become members in the Society, which was incorporated to provide parks, recreation and community services to the Municipalities under contract. Under terms of an Operating, Maintenance and Management Agreement, the Society is responsible to equip, maintain, manage and operate the facilities located at the recreation centre.

### (b) Consolidation:

Financial results and budget for the Society are consolidated into the City's financial statements proportionately, based on the cost sharing formula outlined in the Members' Agreement. In 2014, the City's proportion for consolidation purposes was 50.27% (2013 – 49.41%).
