Community pride and
service excellence through
innovation, flexibility and

MESSAGE FROM THE MAYOR

On behalf of Council, I am proud to share our 2017 Annual Report with you. Since its incorporation in 1992, Langford has strived to become a great place to raise a family, start a business, enjoy recreational opportunities and, learn with its recent push to bring post secondary education to the West Shore.

I am so inspired by the dedication of Council and staff for their hard work in keeping Langford an affordable and family-oriented community. Council has built strong relationships with the development community to ensure that Langford supports affordable housing initiatives and offers a wide-range of housing for all ages and for income levels. Overall construction activity was very vigorous in 2017 with a strong showing in all sectors but with an increase in the multi-family rental area.

Improving and expanding our infrastructure also remains a priority. In 2017, we completed the West Shore Parkway, and in 2018, we completed the Bear Mountain Parkway extension, the dual left turn lane on Millstream Overpass and will complete the connection between Leigh Road and Langford Parkway. All of these projects have come in on time and on or under budget without any increase in taxes. The Engineering Department also completed major drainage improvements on Latoria Road including upgrading driveway culverts on sections of Happy Valley Road.

Council remains tough on crime and focused on community safety. In response to our growing population, we are adding more RCMP officers to ensure that our community, parks and trails remain safe. 2017 saw the retirement of Fire Chief Bob Beckett and the promotion of Chris Aubrey to the position. To ensure a continued rapid response to calls from across our community, the department will be adding more firefighters. Following through with last year's success, the Bylaw Department has once again retained two summer community safety officers to bike patrol the City parks, beaches and expanding trails network.

We will continue to work with our respective national team partners to make Langford the center of sports excellence in British Columbia. This year's completion of the Al Charron Rugby Canada National Training centre, as well as hosting the HSBC Women's Rugby Sevens World Series at Westhills Stadium, the Mountain Bike Canada Cup Series at Bear Mountain and the 2019 National Boxing Championships at Bear Mountain are testaments to this. It is these partnerships, facilities and world class events that help to put Langford on the map, attract visitors to the area and help bring economic diversity to the community.

In closing, I would like to once again express my sincere appreciation to staff for their hard work in delivering Council's priorities on public safety, affordability, recreation, parks and growing the local economy - all of which serve to make Langford a great place to call home.

Sincerely,

A handwritten signature in black ink, appearing to read 'Stewart Young'.

Mayor Stewart Young

DEPARTMENTAL OVERVIEW

Administration Department

The Administration Department provides leadership to all City employees, ensures directives from Council are implemented in a timely, cost-effective manner and that all legislative and regulatory requirements of the City are met. The Department supports Council and Committee meetings, including agenda and minute preparation and related issue follow-up and actions. The Department provides advice, assistance and support in all areas relating to recruitment, labour relations, human resources programs, training and development, wage, employee policy, salary administration and any other related matters that involve City employees. The Department also provides administrative assistance to the CAO and Council and coordinates events on behalf of the City and Council.

Building Department

The Building Department provides building permits to residents and contractors who require new construction and alterations, additions, repairs, demolitions, removal or relocations of existing buildings within their property. The Owner(s) of the property is responsible for carrying out the works in full accordance with the requirements of the BC Building Code and other applicable regulations. Inspections are required by the City throughout the construction phase and or upon completion.

Bylaw Enforcement (Community Safety and Municipal Enforcement)

The Community Safety and Municipal Enforcement Department addresses a wide range of issues, ensures the public is well informed of bylaws and assesses risk in our community. They monitor the community so that it remains a safe and enjoyable environment for all. The Department works closely with many agencies to provide the highest level of service.

CRD Animal Control

This service is provided under contract to Langford citizens through the Capital Regional District (CRD) Animal Care. Department. The CRD provides a high level of service and communicates regularly with the Community Safety and Municipal Enforcement Department at the City of Langford. This includes regular statistical reporting and collaboration on certain files and activities.

Engineering Department

The Engineering Department serves the public in several aspects of the community including construction activities related to land development, capital projects/public infrastructure, and public works such as road maintenance and repairs, bike lanes, sidewalks and street lighting, as well as the City of Langford's ongoing beautification project, with hanging baskets and Christmas lights. The Department works closely with West Shore Environmental Services, CRD Water, BC Transit and School District #62.

Fire Rescue

The Fire Rescue Department is a composite fire department made up of career and volunteer members, operating from three stations within the City. The Fire Rescue Department function includes fire suppression, first response, auto extrication, water rescue, rope rescue and technical high angle rescue. The Department provides fire and life safety education, fire safety inspections and fire investigations. Station 1 also houses the CRD Regional Fire Dispatch Centre, established in 2013.

Parks and Recreation Department

The Department is responsible for the Capital construction and Operational maintenance of parks, trails and landscaped boulevards. In addition, the Department oversees activity related to recreation including the maintenance of City recreation facilities.

Planning Department

The Planning Department ensures that municipal goals are reflected in the Official Community Plan and planning policy documents. The Department provides professional and technical advice on current and future land uses, as well as a wide range of issues including housing, heritage, environment, transportation and social policy.

BUILDING DEPARTMENT

RESULTS FROM 2017

Overall construction activity in Langford was very vigorous in 2017. All sectors were strong and consistent compared to 2016, with the greatest increase showing in the Multi – Family rental area. Economic activity was prevalent in commercial sectors, with Sobey's site underway. The Building Department continues to promote economic development by providing streamlined Building Permit services as well as public health and safety through the application and enforcement of the building codes and Standards.

COMPARATIVE RESULTS - 2016 vs 2017

	December 2017	December 2016	YTD 2017	YTD 2016

Permit Fees			\$2,301,839.96	\$1,905,494.12

OBJECTIVES AND MEASURES FOR 2018

In 2018 the Building Department will continue to:

- Promote economic development through the expedited permit process for 1 and 2 SFD's
- Continually work with Development teams on larger projects to ensure efficient reviews and issuance of permits
- Promote public health and safety through the application and enforcement of the building codes and standards:
- Promote the understanding of building regulations by assisting and supporting the development community through the next code cycle of change; and
- Measure success by the degree to which the building department enables building activity in Langford while still holding paramount the safety, health, and welfare of the public.

BYLAW ENFORCEMENT

DEPARTMENT OVERVIEW

The duties our officers performed in 2017 were both varied and rewarding. Most importantly, this wide variety of our effort is of direct and measureable benefit to the community.

Our officers were tasked with addressing complaints and violations of City Bylaws in the areas of noise, parking, land use, building, soils movements, watercourse protection and burning regulations. We also played a significant role in providing enhancements to community safety by assisting the Fire Department and the West Shore RCMP at a number of emergency incidents like motor vehicle accidents, structure fires, gas line breaks and others, mainly by providing traffic and roads controls.

Our strong efforts at dealing with incidents of public dumping on City lands and our dealings with graffiti and other forms of vandalism continued to keep Langford tidy and clean to a standard most residents approve of and enthusiastically appreciate.

Gas line rupture on Leigh Road

A beautiful day at Leigh Road Park

Homeless Camp - As was experienced by other communities through the Capital Region in 2017, Langford received a visit from the roving group of protesters whose goal was to increase public awareness around homeless issues. The group of approximately ten campers and tents arrived in Langford in late December and the camp grew in the days following. This visit went smoothly over the two and a half weeks which we attribute to the fact that our City staff met with and engaged the protest group in discussions prior to, and regularly during their stay.

Staff also assisted in identifying a site that could satisfy the group's high traffic and visibility needs for delivering their message. Our Community Liaison Officers reached out to the operators of nearby businesses in advance to alert them to the visit, its purpose and anticipated duration. The Bylaw Enforcement Department fielded a number of inquiries and addressed incoming public concerns. Once the group moved on to Central Saanich at the end of December, we again followed up with those same nearby business operators to obtain feedback - which we found to be quite positive overall.

RESULTS FROM 2017

Bike Lanes - As in past years, a small number of files were opened to proactively defend the many new and existing bike lanes when vehicles are seen parked on them. Our efforts continue to provide a remarkable reduction in bike lane violations in the community and serve to keep cyclists safer. Our department recognizes the importance of the emerging cycling network to the community and our efforts continue to ensure these lanes remain an accessible and safe part of Langford's infrastructure.

Parks and Trail Patrols - Our department delivered another very rewarding and safe summer to our residents, particularly within the scope of the bike patrols of City parks, beaches and the expanding trails network. The significance of this community safety presence to the public was frequently commented on as park and trail users thanked our officers for being out with watchful eyes within these public spaces.

Traffic/Parking Issues - On street parking complaints continues to be a significant area of public complaint in our quickly growing community, and is therefore something that needs attention from our Officers. We mainly provide warning notices to those motorists who contravene the City's Traffic Bylaw, but repeat offenders will receive a penalty (ticket) when they choose to ignore the previous warning. Our officers wrote 1623 warning notices in 2016 and that number decreased to 1480 in 2017. Actual ticket issuance was minimal, so we are convinced people respond to, and appreciate the initial warning notices.

OBJECTIVES AND MEASURES FOR 2018

Our officers will continue to offer high levels of service to our residents by responding to incoming complaints, proactively dealing with observed safety issues and by continuing to backstop the good work being done by our emergency services partners such as the Fire Department and RCMP.

CRD ANIMAL CARE SERVICES

DEPARTMENT OVERVIEW

Langford Council contracts a range of animal control services from the Capital Regional District Animal Care Services Department, along with many of the region's municipalities. Monthly and annual activity is reported by CRD Animal Care Services to the Manager of Municipal Enforcement at Langford.

The contract includes management of dog licensing, the provision of pound services, and 7 day-week enforcement of the City's Animal Control Bylaw. Value - added services are also included, for example, Animal Care Services cooperates with volunteer animal welfare and adoption agencies to ensure the best possible chance for found, surrendered and unclaimed animals. Animals available for adoption are regularly featured on the CRD website.

DEPARTMENT OVERVIEW

The Engineering Department consists of two areas of operation: **Construction** and **Public Works**.

The construction group is responsible for overseeing capital construction projects such as the West Shore Parkway Completion Project and the Millstream Overpass Improvements, as well as construction related items for land development/subdivision projects. Construction staff are also responsible to oversee upgrades or replacements for such items as culverts.

Public works staff are responsible for overseeing ongoing road maintenance including storm water control, road quality, sidewalks, bike lanes and streetlights. Public works staff are also responsible for outside beautification items such as hanging baskets and Christmas lights.

RESULTS FROM 2017

2017 Sewer Construction (West Shore Environmental Services)

1. Sewer System
 - Designed and tendered the Bray Avenue and Carlow Road sewer extension.
 - Began construction of the Jacklin Road and Terlane Avenue sewer extension under the direction of the City of Langford and the Belmont Market Project.
 - Completed mainline sewer extensions for 881 Klahanie, Kiwi Road, 2807 Sooke Lake Road, 2822 Knotty Pine Road and 2566 Wentwich Road.
 - Signed a mainline sewer extension agreement for Lakehurst Drive, Mount Wells Drive and Sooke Lake Road sewer extension.
 - Received approximately 503 new connections (SFE) to the Langford sewer system, including 71 mandatory connections consisting of 48 paying SCRF's and 23 non-paying in existing SSA's.
 - 23 individual sewer services constructed, including 4 disconnects.
 - Attended 3 sewage overflows in 2017 including an air valve failure near Crystalview Terrace, a LPS pipe break near Shoreview Drive and a pipe blockage in the Coralee Place area.
 - Continued update to the 2008 Sewer Master Plan.
 - Continued updating and maintenance of digital GIS sewer database.
2. Inflow and Infiltration Program
 - 71 sewer manholes inspected for inflow and infiltration
 - Rehabilitated 46 sewer inspection chambers.
 - 4.5 km of sewer main CCTV videoed; approximately 850 m of main power flushed and cleaned.
 - CCTV video uncovered two areas where the lines had significant root intrusion, appropriate repairs were completed.
3. Pump Station Upgrade and Maintenance
 - Completed annual maintenance and servicing of all pumping equipment including 4 pump rebuilds, and a few miscellaneous impeller adjustments, to increase pump output.
 - Rebuilt 5 pump flush valves.
 - Completed annual maintenance and servicing of all electrical controls and equipment. Tested all UPS backup power supply systems with power failure simulations resulting in 3 stations needing repair or replacement of some in-kiosk electrical control/backup up components.

- Completed annual load testing and servicing of all 7 standby generators. One repair completed for the oil pressure monitoring system at the Selwyn Station.
- Tested all backflow preventers, no repairs were required in 2017.
- Replaced 2 air release valves on sewer force mains.
- Completed tear down and rebuild of the Langford Parkway electric plug valve controlling flow from the overflow to the wet-well.
- Began upgrade of SCADA system from NI Lookout (now unsupported) to VTScada program.

Storm Drainage

Capital

- Completed major drainage improvements on Latoria road including upgrading driveway culverts from 954 Latoria Road west to Happy Valley Road, south down Happy Valley Road to 3569 Happy Valley Road (photo right)

Maintenance

- Completed annual storm water pond maintenance removing invasive species, weeds and any blockages as necessary in all storm water ponds.
- Completed stream and culvert inspections and cleared debris as necessary.
- Installation of several rock pits on road edges for the annual rock pit program to improve roadside drainage in older established areas of the City.

Roadworks

Capital

- 3.5km West Shore Parkway extension project linking the Trans Canada High to Sooke Road
- Millstream Overpass Improvements that included a second southbound left turn lane, east side pedestrian improvements, bike lanes over the overpass in both directions
- Dunford Avenue bike lanes
- Orono Avenue repaving and stormwater improvements

Operating

- Took 5.4 km of new sidewalk into inventory
- Gained 9.1km of bikelanes
- Gained 8.0km of roads
- Increased sign inventory by over 300 signs

Maintenance

- Completed annual Road Crack Sealing Program.
- Completed annual Pothole/Pavement Repair Program.
- Undertook sidewalk inspections and repairs as necessary.

OBJECTIVES AND MEASURES FOR 2018

In 2018, the Engineering Department will continue to:

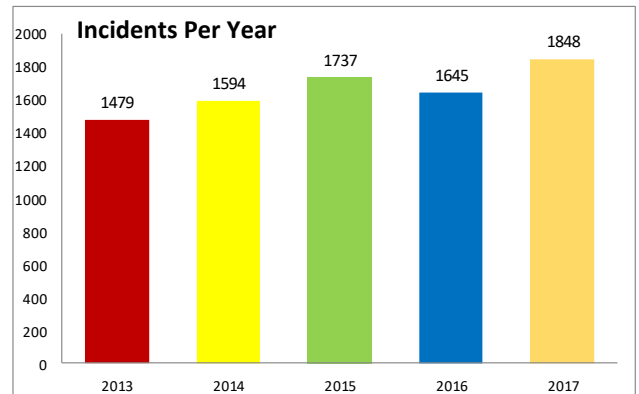

- Complete capital construction projects in accordance with the approved Annual Budget,
- Maintain City infrastructure, and
- Beautify the City.

DEPARTMENT OVERVIEW

Fire Rescue Service provides 911 emergency response and acts as the first point of contact with residents and visitors for many incident types. Fire and life safety education, directed at a wide variety of community demographic and social groups, provide valuable information and exposure to the dangers of fire and other hazards as well as methodologies to prevent or minimize damage and injury. Direct contact and influence are provided to citizens and businesses through related bylaw enforcement, legislated fire safety inspection at public and commercial properties, during formal fire investigations and within the pre-incident planning process.

The core of the Department remains a highly dedicated and trained group of volunteer firefighters. They perform all aspects of department operations related to fire suppression and public education. The volunteer firefighters are supplemented by a career staffing contingent of 8, responsible for department management and supervision, inspections, training, public education and operational readiness. An administrative assistant provides technical and administrative support to all members of the Langford Volunteer Firefighters Association (LVFA) as well as to the Emergency Support Services (ESS) volunteers, the Women's Auxiliary and the Amateur Radio Group.

RESULTS FROM 2017

Chief Bob Beckett retired on June 16, 2017 which allowed for the promotion of Asst. Chief Chris Aubrey. Capt. Lance Caven filled the Asst. Chief vacancy and Graham Arnold was hired as a Firefighter and began work in September 2017.

OBJECTIVES AND MEASURES FOR 2018

Chief Aubrey has been working to build positive relationships with neighbouring departments such as Metchosin, Sooke, Colwood and View Royal and developing ways in which the local departments can work more cooperatively. Incidents such as wildfires can easily spread over municipal boundaries and therefore, there are advantages to the local departments aligning training and operational guidelines to be better able to work together during a regional event. This is also true for BCAS and the RCMP and efforts to develop stronger relationships with these organizations are ongoing as well.

Emergency Support Services has received a grant to conduct a reception center exercise to prepare for a local evacuation similar to what occurred in the interior in 2017. A number of Langford ESS volunteers deployed to the interior during the fires and the lessons learned from that experience will help the rest of the team prepare should Langford face an emergency that would result in a large scale evacuation. The exercise will assist in identifying areas in our operations and planning that can be updated to adjust for things that went well with the interior evacuations and ways we can improve.

PARKS and RECREATION DEPARTMENT

DEPARTMENT OVERVIEW

The Al Charron—Rugby Canada National Training Centre continued construction throughout 2017 with occupancy and completion in December. This building houses three national teams and provides the necessary resources to keep the athletes at their highest performance. 2017 also saw the replacement of the Artificial Turf Field at Westhills Stadium. We continue to witness international events at the stadium with the America's Cup Men's event and World Rugby Womens' Sevens event each year. Many smaller projects were completed and we added Tara McLellan as the Landscape Design Technician and said goodbye to Mike Leskiw as the Parks Manager.

RESULTS FROM 2017

Development of Land Development Referral/Inspection Processes

Working in conjunction with Engineering, Planning and Land Development Departments, Parks staff review and approve all landscaping on public lands. An emphasis on the development of processes to improve the inspection and tracking of these developments from the Parks Department has been undertaken to ensure a more efficient involvement and ultimately, the timely completion, of the development.

Highlights of Completed Projects in 2017

- **Veterans Memorial Park**
Feb 2017— The installation of a safer rubber base to the swing area.
Mar 2017—Coloured lights were installed in the pond/fountain.
- **Trans Canada Trail Signage**
June 2017—New directional signage was completed along the trail. This was in part due to the successful grant application requested by the department and received from the Federal government.
- **Westhills Arena**
April 2017— Mold remediation was required due to condensation involving the metal trusses/beams and the insulation.
- **Artificial Turf Replacement— Westhills Stadium Field**
July 2017— The typical shelf life for this type of field is 8-10 years. Due to good maintenance practices, we were able to extend the use of the previous field to its maximum expectation.
- **Centennial Park—Resurfacing of Tennis Courts**
Aug 2017—The tennis courts required a substantial resurfacing due to heavy use and tree root intrusion causing the asphalt to break.
- **Well Registration and Repairs/New Installation**
Sept 2017—Due to new provincial requirements, the City was required to register the irrigation of wells throughout the City. Upon inspection, it was determined that several of the wells required repair.
Dec 2017—There was a new well installed at the Al Charron/Rugby Canada Training Centre.
- **Glen Cove Park—Replacement of Ramp and Relocation of Swimming Float**
Oct 2017—The fishing wharf was moved from the original location to the beach area and a new aluminum ramp was constructed to connect the float to the shore. This provides access to the float for a wider range of user groups and improves sight lines to alleviate vandalism and related activities at the previous location. The old ramp was removed and the trail decommissioned.

- **Veterans Memorial Park—Vimy Ridge Tree Pl**
Oct 2017—A sapling was planted at the park as part of the 100 Centenary commemorations of the Battle of Vimy Ridge. The sapling is a descendant of acorns that were collected from Vimy Ridge by a Canadian soldier who fought during this battle.
- **Al Charron/Rugby Canada Training Centre**
Dec 2017—This greatly anticipated state-of-the-art facility was finally completed in December 2017 and the Grand Opening took place on February 27, 2018.

2017 Events at City Centre Park

Eagle Ridge Community:

- Feb 3-5 Victoria Disability Bocce Tournament
- Mar 25 Crusher Combat
- Mar 30-Apr 1 Quilters Guild
- Apr 6-9 Victoria Kids Consignment Sale
- Apr 16 Annual Easter Event
- Apr 26-27 Slegg Lumber Show
- Jun17 Crusher Combat
- Sep 30 Rotary Club—Chili Cook-off
- Oct 7 Crusher Combat
- Oct 13-15 Victoria Kids Consignment Sale
- Nov 24-25 Magic of Christmas Event
- Dec 1-2 SIFPA Christmas Event
- Dec 9 Sleep Country/Family Corp Christmas Party
- Dec 16 Schneider Electric Family Corp Christmas Party

Goudy Field:

- Jun 9 Peninsula Co-op Family Day

City Centre Grill:

Al Charron/ Rugby Canada Training Centre

Tennis Court Resurfacing—Centennial Park

Stadium Field Turf Replacement

Vimy Tree Sapling—Veterans Memorial Park

Trans Canada Trail Signage

PLANNING DEPARTMENT

DEPARTMENT OVERVIEW

The Planning Department is responsible for the administration of current and long range planning for the City of Langford. Current planning addresses development and day-to-day land use issues, including zoning, development permits and development variance permit applications. Long range planning **addresses** changes to the City's Official Community Plan and land use regulations. The Planning Department includes the Land Development Division, which is responsible for subdivision approvals. The Planning Department also assists the Parks Department with long range park planning. '

RESULTS FROM 2017

Centre Mountain Municipal Boundary Adjustment: The Province of British Columbia adjusted the municipal boundary between the City of Langford and the District of Metchosin, reducing the area (generally known as Centre Mountain) with Metchosin's boundary by approximately 150 ha (380 acres) and placing those lands within the City of Langford. This boundary adjustment was also being supported and advanced by the Beecher Bay First Nation as part of their ongoing treaty settlement process with the Province.

Rental Housing: In addition to the 229 rental apartment units authorized by Development Permit in 2015 that are now either occupied or nearing occupancy, 174 rental apartment units were authorized by Development Permit in 2016. Since 2001, approximately 764 new rental apartment units have been constructed, or are currently under construction. The majority of these are in the City Centre.

Redefinition of the City Centre: The Planning Department proposed a broader definition of Langford's City Centre in the Official Community Plan which was adopted by bylaw in early 2018. In conjunction with this, the City has also engaged Professor Avi Friedman of McGill University and his staff to prepare a vision for Downtown Langford which will include new design guidelines for development in Downtown Langford, and ultimately help grow and shape the future of Langford's core.

Management's Responsibility for the Consolidated Financial Statements

The accompanying consolidated financial statements of the City of Langford (the "City") are the responsibility of management and have been prepared in compliance with legislation, and in accordance with Canadian public sector accounting standards for local governments as recommended by the Public Sector Accounting Board of The Chartered Professional Accountants of Canada. A summary of the significant accounting policies are described in note 1 to the consolidated financial statements. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The City's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by management.

The Administration and Finance Committee meets with management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The consolidated financial statements have been audited by KPMG LLP, independent external auditors appointed by the City. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the City's consolidated financial statements.

INDEPENDENT AUDITORS' REPORT

To the Mayor and Councilors of The City of Langford

We have audited the accompanying consolidated financial statements of The City of Langford, which comprise the consolidated statement of financial position as at December 31, 2017, the consolidated statements of operations, change in net debt and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

KPMG LLP is a Canadian limited liability partnership and a member firm of the KPMG network of independent member firms affiliated with KPMG International Cooperative ("KPMG International"), a Swiss entity. KPMG Canada provides services to KPMG LLP.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of The City of Langford as at December 31, 2017, and its consolidated results of operations, its consolidated change in net debt and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

CITY OF LANGFORD

Notes to Consolidated Financial Statements

Year ended December 31, 2017

The City of Langford (the "City") is incorporated and operates under the provisions of the British Columbia Local Government Act and the Community Charter of British Columbia.

1. Significant accounting policies:

The consolidated financial statements of the City are prepared by management in accordance with Canadian public sector accounting standards for local governments as recommended by the Public Sector Accounting Board ("PSAB") of the Chartered Professional Accountants of Canada. Significant accounting policies adopted by the City are as follows:

(a) Reporting entity:

The consolidated financial statements include the assets, liabilities, revenues and expenses of the City. The consolidated financial statements also include the City's proportionate interest in the West Shore Parks and Recreation Society ("West Shore"), an organization jointly controlled by the City. The City does not administer any trust activities on behalf of external parties.

(b) Basis of accounting:

The City follows the accrual method of accounting for revenues and expenses. Revenues are normally recognized in the year in which they are earned and measurable. Expenses are recognized as they are incurred and measurable as a result of receipt of goods or services and/or the creation of a legal obligation to pay.

(c) Revenue recognition:

Government transfers are recognized in the consolidated financial statements as revenues in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be made, except when and to the extent the transfer gives rise to an obligation that meets the definition of a liability.

Property tax revenue is recognized on an accrual basis using approved tax rates and the anticipated assessment for the current year. Parcel tax revenues are recognized in the year that they are levied.

(d) Deferred revenue:

Deferred revenue includes grants, contributions and other amounts received from third parties pursuant to legislation, regulation and agreement which may only be used in certain programs, in the completion of specific work, or for the purchase of tangible capital assets. In addition, certain user charges and fees are collected for which the related services have yet to be performed. Revenue is recognized in the period when the related expenses are incurred, services performed, or the tangible capital assets are acquired thereby extinguishing any liability to the City.

Development cost charges are amounts which are restricted by government legislation or agreement with external parties. When qualifying expenditures are incurred, development cost charges are recognized as revenue in amounts which equal the associated expenses.

(e) Refundable deposits:

Receipts restricted by third parties are deferred and reported as refundable deposits under certain circumstances. Refundable deposits are returned when the third party meets their obligations or the deposits are recognized as revenue when qualifying expenditures are incurred.

(f) Investment income:

Investment income is reported as revenue in the period earned. When required by the funding government or related Act, investment income earned on deferred revenue is added to the investment and forms part of the deferred revenue balance.

CITY OF LANGFORD

Notes to Consolidated Financial Statements

(g) Cash equivalents:

Cash equivalents include short-term, highly liquid investments that are cashable on demand or have a term to maturity of 90 days or less at acquisition.

(h) Long-term debt:

Long-term debt is recorded net of related repayments and actuarial earnings.

(i) Non-financial assets:

Non-financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets, excluding land, are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful life - years
Land improvements	10-50
Buildings	25-70
Vehicles, machinery, equipment	5-25
Sewer and storm infrastructure	75-100
Road infrastructure	10-75

Non-financial assets are written down when conditions indicate that they no longer contribute to the City's ability to provide goods and services, or when the value of future economic benefits associated with the asset are less than the book value of the asset.

(ii) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value and are recorded as revenue at the date of receipt.

(iii) Works of art and cultural and historic assets

Works of art and cultural and historic assets are not recorded as assets in these financial statements.

(iv) Leased tangible capital assets

Leases which transfer substantially all of the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

(v) Inventory of supplies

Inventory of supplies held for consumption is recorded at the lower of cost and replacement cost.

(vi) Contaminated sites

Contaminated sites are defined as the result of contamination being introduced in air, soil, water or sediment of a chemical, organic, or radioactive material or live organism that exceeds an environmental standard. A liability for remediation of contaminated sites is recognized, net of any expected recoveries, when all of the following criteria are met:

- 1) an environmental standard exists
- 2) contamination exceeds the environmental standard
- 3) the City is directly responsible or accepts responsibility for the liability
- 4) future economic benefits will be given up, and
- 5) a reasonable estimate of the liability can be made

CITY OF LANGFORD

Notes to Consolidated Financial Statements

(j) Employee benefits:

The City and its employees make contributions to the Municipal Pension Plan. These contributions are expensed as incurred. The costs of a multi-employer defined contribution pension plan, such as the Municipal Pension Plan, are the employer's contributions due to the plan in the period.

(k) Use of estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the period. Significant estimates include assumptions used in estimating historical cost and useful lives of tangible capital assets, estimating fair value of contributed tangible capital assets and in estimating provisions for accrued liabilities. Actual results could differ from these estimates.

2. Cash and cash equivalents:

	2017	2016
West Shore Parks and Recreation Society	\$ 1,595,408	\$ 1,571,268
Cash	11,449,226	6,813,102
Term deposits	17,059,547	9,999,961
	\$ 30,104,181	\$ 18,384,331

The City has an approved operating line of credit of \$7,500,000.

3. Deferred revenue:

Deferred revenue, reported on the consolidated statement of financial position, is comprised of the following:

	2017	2016
Development cost charges	\$ 13,462,079	\$ 10,803,097
Hotel room tax	984,750	846,123
Other	691,042	571,982
	\$ 15,137,871	\$ 12,221,202

Development cost charges:

	2017	2016
Opening balance of unspent funds	\$ 10,803,097	\$ 9,288,738
Add:		
Development cost charges received during the year	3,479,383	3,717,218
Interest earned	120,206	78,997
	14,402,686	13,084,953
Less amount spent on projects and recorded as revenue	(940,607)	(2,281,856)
	\$ 13,462,079	\$ 10,803,097

CITY OF LANGFORD

Notes to Consolidated Financial Statements

4. Debt:

(a) Short-term debt:

Short-term debt is comprised of an interim financing facility through the TD Bank due on demand which bears interest at the Bankers Acceptance Rate plus stamping fee of 60 basis points.

(b) Long-term debt:

Long-term debt from the TD Bank consists of five year floating rate term loans maturing from 2018 to 2022, with a current interest rate of 1.93%.

(c) Principal payments on long term debt and budgeted repayments on short-term debt for the next five years are as follows:

2018	\$	1,221,500
2019		535,200
2020		559,500
2021		555,100
2022		552,900

5. Tangible capital assets:

(a) Assets under construction:

Assets under construction have a value of \$23,750,061 (2016 - \$18,196,375) and have not yet been amortized. Amortization of these assets will commence when the asset is put into service.

(b) Contributed tangible capital assets:

Contributed tangible capital assets have been recognized at fair market value at the date of contribution. The value of contributed capital assets received during the year is \$24,949,117 (2016 - \$19,827,108) comprised of land \$15,450,982 (2016 - \$10,256,607), land improvements \$NIL (2016 - \$130,086), sewer and storm infrastructure \$3,695,381 (2016 - \$3,453,072) and roads infrastructure \$5,802,754 (2016 - \$5,987,343).

(c) Works of art and historical treasures:

The City manages and controls various works of art and non-operational historical cultural assets including buildings, artifacts, paintings and sculptures located at City sites and public display areas. These assets are not recorded as tangible capital assets and are not amortized.

(d) Write-down of tangible capital assets:

No tangible capital assets were written down in 2017 or 2016.

(e) West Shore Parks and Recreation Society:

The City's proportionate share of West Shore Parks and Recreation Society assets includes land, buildings, and equipment which are subject to amortization policies consistent with those of the City.

CITY OF LANGFORD

Notes to Consolidated Financial Statements

6. Sewer franchise agreement:

During 2004, the City entered into a franchise and partnering agreement with West Shore Environmental Services Inc. ("WSES") and Terasen Utility Services Inc. The term of the agreement is 21 years, with a single 21 year renewal. Under the agreement, the City grants an exclusive franchise to WSES to design, construct, finance, own, and operate and maintain sanitary sewers in the City. The City also grants an exemption from municipal property tax for sewer infrastructure and WSES has been granted an Order in Council to extend that exemption to property taxes for all other jurisdictions. Upon termination of the agreement, the sewer infrastructure constructed by WSES will be acquired by the City for a nominal payment.

WSES will recover its capital costs by imposition of a sewer capital recovery fee ("SCRF") on owners of property who wish to connect to the sewer. WSES will also bill and collect all user fees. Fees were frozen for five years ended in 2009. WSES will pay the City franchise fees that are estimated to total \$11 million over the 21 year term of the agreement.

The City records the costs of sewer infrastructure constructed by WSES \$833,452 (2016 - \$939,042) and corresponding remaining cost to be recovered. The remaining cost to be recovered is reduced as SCRF's are collected by WSES.

The cost of WSES sewer infrastructure, less residual value, is amortized on a straight line basis over their estimated useful lives, 60 to 70 years.

	Opening	Increase	Decrease	Closing
WSES sewer infrastructure				
Cost	\$ 38,581,998	1,249,294	(415,842)	\$ 39,415,450
Accumulated amortization	(6,078,640)	(641,872)	-	(6,720,512)
	32,503,358	607,422	(415,842)	32,694,938
Remaining cost to be recovered	(10,683,567)	(1,249,294)	6,994,629	(4,938,232)
	\$ 21,819,791	(641,872)	6,578,787	\$ 27,756,706

7. Accumulated surplus:

Accumulated surplus consists of individual fund surplus and reserves and reserve funds as follows:

	2017	2016
Surplus:		
Invested in tangible capital assets	\$ 422,802,094	\$ 372,676,398
Invested in land held for resale	-	1,854,499
Other	(7,888,920)	(4,726,408)
Total surplus	414,913,174	369,804,489
Reserves set aside by Council:

	\$ 429,252,668	\$ 381,819,454

CITY OF LANGFORD

Notes to Consolidated Financial Statements

8. Taxation:

Taxation revenue, reported on the consolidated statement of operations, is comprised of the following:

	2017	2016
General	\$ 26,225,351	\$ 24,690,205
Parcel tax	1,629,410	1,629,410
Revenue in lieu of taxes	95,896	90,023
Collections for other governments	27,474,664	27,034,843
1% utility taxes	404,375	397,673
	55,829,696	53,842,154
Less taxes levied for other authorities:		
Capital Regional District - General Operating	5,752,105	5,013,116
Revenue in lieu of taxes	73,602	65,413
Capital Regional Hospital District	2,356,725	2,345,170
School Authorities	16,344,816	16,481,609
BC Assessment Authority	439,453	469,542
Municipal Finance Authority	1,797	1,623
BC Transit	2,506,166	2,658,370
	27,474,664	27,034,843
	\$ 28,355,032	\$ 26,807,311

9. Government transfers:

The City recognizes the transfer of government funding as revenue when received and all related eligibility criteria and stipulations have been satisfied.

	2017	2016
Operating transfers:		
Federal	\$ 164,546	\$ 409,326
Provincial	370,199	452,477
Other	605,637	553,612
	1,140,382	1,415,415
Capital transfers:		
Federal	6,901,023	4,976,309
Provincial	3,462,816	5,060,066
Other	72,449	58,638
	10,436,288	10,095,013
	\$ 11,576,670	\$ 11,510,428

During the year, the City transferred \$4,282,964 of assets under construction to other governments, representing project costs incurred to design, engineer, construct and commission roads infrastructure crossing into other government jurisdictions, based on terms of the agreement between the City and Ministry of Transportation of the Province of BC. The transfer is recorded as an expense in the consolidated statement of operations.

CITY OF LANGFORD

Notes to Consolidated Financial Statements

10. Municipal pension plan:

The City and its employees contribute to the Municipal Pension Plan (the "Plan"), a jointly trustee pension plan. The board of Trustees, representing plan members and employers, is responsible for overseeing the management of the Plan, including investment of the assets and administration of benefits. The pension plan is a multi-employer defined benefit pension plan. Basic pension benefits provided are based on a formula. The plan has about 193,000 active members and approximately 90,000 retired members. Active members include approximately 38,000 contributors from local government.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent actuarial valuation as at December 31, 2015 indicated a \$2,224 million funding surplus for basic pension benefits on a going concern basis. The next valuation will be as at December 31, 2018 with results available later in 2019.

Employers participating in the Plan record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plan records accrued liabilities and accrued assets for the Plan in aggregate with the result that there is no consistent and reliable basis for allocating the obligation, assets and cost to the individual employers participating in the Plan.

The City paid \$696,187 (2016 - \$625,934) for employer contributions while employees contributed \$609,185 (2016 - \$560,228) to the Plan in fiscal 2017.

11. Commitments and contingencies:

(a) Contingent liabilities:

The CRD debt, under provisions of the Local Government Act, is a direct, joint and several liability of the CRD and each member municipality within the CRD, including the City of Langford.

The City is a shareholder and member of the Capital Region Emergency Service Telecommunications (CREST) Incorporated who provides centralized emergency communications, and related public safety information services to municipalities, regional district, the provincial and federal governments and their agencies, and emergency services organizations throughout the Greater Victoria region and the Gulf Islands. Members' obligations to share in funding ongoing operations and any additional costs relating to capital assets are to be contributed pursuant to a Members' Agreement.

(b) Litigation liability:

From time to time, the City is subject to claims and other lawsuits that arise in the ordinary course of business, some of which may seek damages in substantial amounts. Liability for these claims and lawsuits are recorded to the extent that the probability of a loss is likely and it is estimable. It is considered that the potential claims against the City resulting from such litigation will be covered by insurance and therefore will not materially affect the consolidated financial statements of the City.

(c) Commitments:

The City entered into a long-term contract with the Royal Canadian Mounted Police (RCMP) for the provision of police services effective October 1, 1994. Under the terms of this contract, the City is responsible for 90% of policing costs. The 2018 estimated cost of this contract is \$6,979,100.

On February 7, 2013, the City entered into a purchase of service agreement with the YMCA/YWCA of Greater Victoria to provide access for Langford residents to an aquatic facility to be built in Langford. The City agreed to pay \$750,000 per year to be indexed by population every two years from the opening date to a maximum of \$950,000 per year for a period of 25 years.

On December 20, 2017, the City entered into an agreement to purchase property at 3020 Glen Lake Rd and provided a downpayment of \$30,000. The City agreed to pay \$600,000 total for the purchase of the property.

As at December 31, 2017, the following major contracts were in progress:

	Total Amount of Contract	Paid or Accrued
Operating	\$ 15,443,809	\$ 11,084,945
Capital	5,666,535	3,373,015

CITY OF LANGFORD

Notes to Consolidated Financial Statements

12. Financial plan:

The financial plan data presented in these consolidated financial statements is based upon the 2017 operating and capital financial plans approved by Council on May 1, 2017. Amortization expense was not contemplated on development of the financial plan and, as such, has not been included. The chart below reconciles the approved financial plan to figures reported in these consolidated financial statements.

	Financial plan amount
Revenues:	
Operating	\$ 41,237,000
Capital	44,071,500
West Shore Parks & Rec Society	3,163,121
Less:	
Transfers from own funds	7,476,100
Proceeds on debt issue	5,035,000
Total revenue	75,960,521
Expenses:	
Operating	41,237,000
Capital	44,071,500
West Shore Parks & Rec Society	3,203,813
Less:	
Capital expenditures	44,071,500
Transfer to own funds	2,522,600
Debt principal payments	2,326,600
Total expenses	39,591,613
Annual surplus	\$ 36,368,908

13. West Shore Parks and Recreation Society:

(a) Capital asset transfer:

The Capital Regional District (the "CRD") transferred the lands and facilities comprising the Juan de Fuca Recreation Centre to the following municipal members (the "Municipalities") effective January 2, 2002; City of Langford, City of Colwood, District of Highlands, District of Metchosis and the CRD (on behalf of a portion of the Juan de Fuca Electoral Area). Effective January 1, 2007 the Town of View Royal became a member of the Society.

In 2002 the lands and facilities were transferred to the Municipalities in their proportionate share, as specified in the Co-Owners' Agreement. The lands and facilities were reallocated amongst the members on January 1, 2007 when the Town of View Royal became a member. Future improvements are allocated among the members as per the cost sharing formula in effect each year for each service or facility, as outlined in a Members' Agreement. For 2017, the City's share of improvements purchased by the Society on its behalf is \$NIL.

Because the cost sharing formula in the Members' Agreement produces different cost shares for the members from year-to-year, there is a gain or loss on the opening fund balances. In 2017, there was no change in the cost sharing formula.

The Municipalities have each become members in the Society, which was incorporated to provide parks, recreation and community services to the Municipalities under contract. Under terms of an Operating, Maintenance and Management Agreement, the Society is responsible to equip, maintain, manage and operate the facilities located at the recreation centre.

CITY OF LANGFORD

Notes to Consolidated Financial Statements

(b) Consolidation:

Financial results and budget for the Society are consolidated into the City's financial statements proportionately, based on the cost sharing formula outlined in the Members' Agreement. In 2017 the City's proportion for consolidation purposes was 50.55% (2016 - 50.55%).

Condensed financial information for the Society is as follows:

	2017	2016
Financial assets	\$ 3,501,452	\$ 3,356,046
Financial liabilities	2,260,252	2,065,793
Net financial assets	1,241,200	1,290,253
Non-financial assets	976,001	996,842
Accumulated surplus	\$ 2,217,201	\$ 2,287,095
Invested in tangible capital assets	\$ 919,061	\$ 974,690
Reserve funds	2,088,460	1,970,345
Other	(790,320)	(657,940)
	\$ 2,217,201	\$ 2,287,095
Revenues	\$ 5,639,648	\$ 6,210,461
Requisition from members	4,968,939	4,968,945
	10,608,587	11,179,406
Expenses	5,709,542	5,820,785
Requisition from members	4,968,939	4,968,945
	10,678,481	10,789,730
Annual surplus (deficit)	\$ (69,894)	\$ 389,676

CITY OF LANGFORD

Notes to Consolidated Financial Statements

14. Segmented information:

The City is a diversified municipal government institution that provides a wide range of services to its citizens, including General Government Services, Protective Services, Engineering and Public Works Services, Community Services and Utility and Enterprise Services. Service Areas were created for the purpose of recording specific activities to attain certain objectives in accordance with regulations, restrictions or limitations.

City services are provided by departments and their activities are reported in these Service Areas. Departments disclosed in the Segmented Information, along with the services they provide are as follows:

General Government Services

The Departments within General Government Services are responsible for adopting bylaws; adopting administrative policy; levying taxes; acquiring, disposing and managing City assets; ensuring effective financial management; monitoring performance and ensuring that high quality City services standards are met.

Protective Services

The Departments within Protective Services are Police and Bylaw Enforcement; Fire Protection and Emergency Response; and Building Inspection. The mandates of these departments are to enforce laws, prevent crime, maintain peace, order and security by protecting life, property and the environment.

Engineering and Public Works

The Engineering Department is responsible for the transportation services within the City. This includes roads, storm drains, sidewalks, street lighting and trolley.

Community Services

The Departments within Community Services include Environmental and Development Services and Recreation and Cultural Services. The Environmental and Development Services Department is responsible for preparing land use plans, bylaws and policies for sustainable development of the City and for reviewing and approving new development. The Recreation and Cultural Services Department is responsible for providing, facilitating the development of, and maintaining high quality parks, recreation facilities and cultural services.

Utility and Enterprise Services

This Department is responsible for administering the Sewer Franchise Agreement (note 6) for the City.

The accounting policies used in these segments are consistent with those followed in the preparation of the financial statements as disclosed in Note 1. The following table provides additional financial information for the foregoing segments. Taxation and grants in lieu of taxes are apportioned to the functions based on their share of the net budgeted expenditures in the Financial Plan.

CITY OF LANGFORD
