RE: Stadium lighting

Dear Mayor and Council:

We appreciate all that you are doing to make our community liveable and active.

We note however that you are considering improved stadium lighting as part of the addition of a telephone tower to the stadium complex.

Please consider that this is a residential neighbourhood and the current stadium lighting combined with the large television advertising screens and neon advertising on the stadium stands contributes to considerable light pollution for the surrounding housing.

We appreciate that you have done your best to direct the lighting downward and focused on the stadium, however, the spill over is considerable, given the height of the light standards.

It is particularly annoying to see the lights and advertising on full blast during times when no events are scheduled. This seems quite wasteful, costly and unnecessary.

As you endeavour to make the lighting more efficient, please keep in mind the effect upon the neighbourhood and modify and mitigate it accordingly.

We appreciate your considering this request and trust as always that you have the community's interest at heart .

1. Are you a cellular phone or wireless device user?

- ☒ Yes
☐ No

2. Do you feel this is an appropriate location for the proposed facility?

- ☐ Yes
☒ No

Comments

Our house value has already gone down due to the Boulder House obstructing my view of the lake.

3. Are you satisfied with the appearance / design of the proposed facility? If not, what changes would you suggest?

- ☐ Yes
☒ No

Comments

No - who would want that monstrosity in their backyard, let alone potential health effects. Most expert organizations agree that more research is needed. RF waves from cell phone towers have NOT

Additional Comments

Been proven to be safe!! I do not want to be the guinea pigs!! I have had a brain tumour & colon cancer - just wish to live a healthy life...

Please provide your name and full mailing address if you would like to be informed about the status of this proposal. This information will not be used for marketing purposes;

Topic: Cellular Tower @ Westhills Stadium

Message:

I would like to have it noted that my household is opposed to the proposed cell tower @ Westhills for a number of reasons.

Short and long term health effects.

This type of tower should not be anywhere near playing fields, parks, beach fronts or houses where school kids or young families spend a lot of time. Additionally how unsightly they are in an area the City of Langford has put so much effort and money to beautify. Hosting large events will detract from the city's vision and perception of non residents. Please direct this to the appropriate department or forum if it is misaddressed and confirm receipt of it.
