Langford's Attainable Housing Program helps qualified buyers secure up to 75% of the down payment for their home

The world is ever changing. Changes in the economy and sky rocketing rents have made it increasingly harder for buyers to secure a home for their future. With the high cost of housing and ever increasing amounts required for down payments, for many, the thought of homeownership is just an unattainable dream.

As long as you do not currently own real estate and meet all the other eligibility requirements, you would qualify for the program.

Where is the grant coming from?

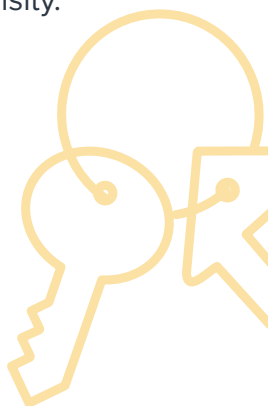

The grant money will come from the City's Affordable Housing Reserve Fund, which is funded by contributions provided by developers as a condition of rezoning for increased density. No taxpayer dollars are allocated towards this Fund.

Do I have to pay back the grant? No.

Who qualifies as an eligible dependent?

An eligible dependent can fit one of the following two categories:

- Cohabiting, unmarried children under 18 years of age; or
